

One Word to Describe L&D Today @ Your Org

11 responses

One Thing I Will Do Next Is...

keep reminding managers on L&D initiatives and have them drive usage with their team

Understand learner's need better

come up with KPIs

Get managers involved

Emphasize the 80/20 philosophy to clarify roles with business leaders.

align L&D with company goals through measurement

Use story telling to drive more adoption

work with managers and senior leadership to create a plan
